

FUISZ ANNOUNCES ISSUANCE OF PATENT CONCERNING PRODUCT
SUPPLIER DATABASE SHARING WITH AN ON-LINE VENDOR

Miami, Florida – for immediate release

Fuisz (www.fuisz.com) today announced the issuance of U.S. Patent 7,962,367 (“Method and Apparatus for Permitting Stage Door Access to On-Line Vendor Information”).

Joseph Matus Fuisz, Managing Member of Fuisz, stated, "This patent covers a system that allows a customer or potential customer of an online vendor to access a product supplier database through the on-line vendor's system to provide the customer or potential customer with detailed information from the product supplier database concerning the available products for sale by the on-line vendor."

Mr. Fuisz added, “We anticipate launching a vigorous licensing initiative.”

Noted inventor Richard C. Fuisz, M.D.

(http://en.wikipedia.org/wiki/Richard_Carl_Fuisz), together with Joseph Fuisz, is a named inventor on the announced patent.

Fuisz (www.fuisz.com) is a private technology company originated by the Fuiszes. The Fuiszes have made substantial contributions in drug delivery as well as the computer and communications fields.
